3. If you purchase an Eligible Product during the Promotional Period, you will get 500MB of data to use on the Eligible Product every 30 days for 12 months. The data will last for 30 days or until you’ve used it, whichever comes first. The data allowance will not roll over. The data is for person to person use only and can only be used in the UK.
4. In order to receive the 500MB of data every 30 days, you need to activate your SIM by 31.01.16. If you purchase a:
 - a. Pay as you go handset you will need to insert your EE pay as you go SIM. You must top-up with a minimum of £10. To activate your SIM, just start using your phone as normal and the data will automatically be added to your account.
 - b. Tablet you will need to insert your EE pay as you go SIM into your tablet, go to the internet browser and complete the registration page as directed. Once you’ve completed this registration process, the data will automatically be added to your account. We will send you an SMS message confirming the completion of the activation process.
 - c. WiFi or Connected device you will need to insert your EE pay as you go SIM, connect your device to a phone, tablet, laptop or PC and go to the internet browser and complete the registration page as directed. Once you’ve completed this registration process, the data will automatically be added to your account. We will send you an SMS message confirming the completion of the activation process.
5. If you purchase any other data to use on the Eligible Product, that data will be used first and then the 500MB (this includes any pay as you go 7 or 30 day packs containing data, data boosts and data Add-Ons).
6. This promotion cannot be used in conjunction with any other offer.

7. To continue receiving the 500MB of data every 30 days, you must make a connection action (call, text, use data or top-up) at least once every 180 days. If you do not, your SIM card will be disconnected from the Network and you will not be able to use EE's network. You will lose your mobile phone number and any credit on your account at the time of such disconnection, as well as the right to receive 500MB of data every 30 days.
